

BROCHURE

KYOGLE GARLIC GROWERS GROUP INCORPORATED

Kyogle Garlic is the marketing label for Kyogle Garlic Growers Group Incorporated. A group of certified organic, chemical free and spray free farmers producing premium garlic in the fertile farmlands located in the Northern Rivers region in far north-east NSW.

Garlic Varieties:

- Glen Large (purple)
- Elephant (Russian)

Seasonal Availability:

- Glen Large is available from September onwards until all sold out. This garlic will store until April.
- Elephant is available from January. This garlic has excellent storage properties and will store 12 months under the right conditions.

Quantity Availability:

- Glen Large: 500kg per season and increasing.
- Elephant: 10 tonnes per season.

Organic Certification:

- Organic garlic is certified with Australian Certified Organic (ACO).
- Chemical/spray free farmers who are not certified organic, sign an annual statutory declaration form witnessed by a JP in accordance with the group's quality system.
